§ 151.64

clean kilogram under Chapter 51, Harmonized Tariff Schedule of the United States (19 U.S.C. 1202), shall show as to each lot of wool or hair covered thereby, in addition to other information required, the total estimated or actual net weight of the wool or hair in its condition as imported, its total estimated clean yield in kilograms, and the estimated percentage clean yield. (19 U.S.C. 1484.)

§151.65 Duties.

Duties on wool or hair subject to duty at a rate per clean kilogram may be estimated at the time of filing the entry summary on the basis of the clean yield shown on the entry summary if the port director is satisfied that the revenue will be properly protected. Liquidated duties shall be based upon the port director's final determination of clean yield. Estimated and liquidated duties on wool or hair tested for clean yield pursuant to the provisions of §151.71, and withdrawn for consumption without a change in condition which affects the duties and in a quantity less than an entire sampling unit shall be determined on the basis of an appropriate adjustment of the estimated percentage clean yield shown on the entry summary for the wool or hair included in each of the lots covered by the withdrawal. This adjustment shall be made by increasing or decreasing such estimated percentage clean yield of each lot by the difference between the percentage clean yield of the related sampling unit, as determined by the port director, and the weighted average percentage clean yield for the sampling unit, as computed from the estimated percentages clean yield and net weights shown on the entry summary

for the lots included in the sampling unit

§151.66 Duty on samples.

Duty shall be assessed and collected on samples taken pursuant to any provision in this subpart, whether taken by the importer or by Customs, unless an exemption or remission is obtained by compliance with an applicable provision of the law or regulations. The duty shall be assessed upon the samples in accordance with their condition at the time of importation, except in the case of merchandise manipulated in warehouse pursuant to section 562, Tariff Act of 1930, as amended (19 U.S.C. 1562). The collection of duty on the samples may be postponed when the importation concerned is not entered for consumption until the withdrawal of the merchandise from which the samples are taken, or until an application for the destruction or abandonment of such merchandise has been accepted pursuant to an appropriate provision of the law or regulations.

§151.67 Sampling by importer.

The importer may be permitted after entry to draw samples under Customs supervision in reasonable quantities from the packages of wool or hair designated for examination, provided the bales or bags are properly repacked and repaired by him. Any samples so withdrawn shall be weighed and a record showing the quantities thereof shall be made and filed with the related entry.

§151.68 Merchandise to be sampled and tested by Customs.

The following shall be weighed, sampled, and tested for clean yield, unless such sampling or testing is not feasible:

(a) All importation of wool or hair subject to duty at a rate per clean kilogram, except importations entered directly for manipulation under the provisions of section 562, Tariff Act of 1930,
